Sing to me, Autumn, with the rustle of your leaves.  
 Breathe on me your spicy scents that flow within your breeze.  
 Dance with me, Autumn, your waltz that bends the boughs of trees.  
 Now tell me all the secrets you've whispered to the seas.

Sleep with me, Autumn, beneath your starlit skies.  
 Let your yellow harvest moon shimmer in our eyes.  
 Kiss me, Autumn, with your enchanting spellbound ways  
 That changes all you touch into crimson golden days.  
 Love me, Autumn, and behold this love so true

That I'll be waiting faithfully each year to be with you.

Whether one is watching a thrilling thunderstorm or looking up at a mighty tree, the experience of nature is one of awe.

One cannot help but marvel at the intricate design of a single leaf, or the roar of a great waterfall. Time spent in nature is time spent realizing that you don't know it all and that you never will. The earth is meant to be enjoyed by its inhabitants. That includes keeping it in the pristine condition in which it was discovered.

Everyone has a part of the earth that they relate to the most. Whether it is a majestic mountain range, a roaring waterfall, a bouquet of flowers, or the calm of the woods, these are places to get to know oneself and build bonds with family.

When tears fell from my eyes, you were there to brush them away. When I was lost in confusion, you were there to say that everything would be okay. When I stood before you falling apart, you were there to lend your heart. When I felt like no one could understand, you were there to take my hand. When no one else was left to care, you were there.

Since I was a child, I've loved the season of autumn. I love its return each year with its vibrant magical colors, warm bright days, the change from the heat of summer into cool but crystal clear sparkling nights, and the aroma of the woods and spice in the atmosphere.

It's like a familiar loved one or friend who's back for a visit. It's the same season each year, but it's always new and refreshing.

We share our lives with the seasons. As we mature, we understand ourselves and all the world more intimately.

Waves come crashing to grey sullen shores. Powerful and strong, it breathes and roars. Cascading and caressing each grain of sand. A warm embrace between sea and land.

High above, a seagull soars high. Wings of purity it spreads to fly. Battling high against darkened cloud, In a wind that blows fiercely, flying graceful and proud.

Beneath, the sand is soft and warm. Sculpted by nature, it's weathered the storm.  
A passionate battle between calmness and rage, A new chapter's beginning; don't turn the last page.

There never was such a friendship that has made me feel this way.

It's been there from the beginning, so I just want to say, You were there with me when it was hard to forget

That my heart was aching and it hadn't healed yet. The things you've said have proved me right That this friendship has made me see the light. You've never tossed around my heart, and I know it's true

Because this is a special kind of love for me and for you.

Emerald hills and turquoise seas  
Endless canvas brushed with trees  
That sway so gently in the hue  
Of watercolor azure blue.

Waves that ripple through my mind  
Touch sun-kissed sugar sands of time  
As whispered winds so softly sigh  
A dreamlike lazy lullaby.
